

## Assignment 5

**Due Date:** 12/4/2001

**Requirements:** Submit all files required for the project on a floppy disk or email as attachments to [sschofer@qx.net](mailto:sschofer@qx.net)

Write a program that has the following menu system

```
File           Payroll
  Maintenance  Calculate
  Exit
```

- Functions
  - Maintenance
    - Add
      - Add an employee to database
        - Full Name
        - Wage Rate
        - Hours Worked
    - Update
      - Update current employee in database
        - Full Name
        - Wage Rate
        - Hours Worked
    - Delete
      - Deletes current record
    - Navigate Database
  - Calculate
    - Displays Full name, Gross pay, Regular Pay, and OverTime Pay for each employee
      - Regular Pay = Hours Worked \* Wage Rate
      - OverTime Pay = .5 \* each hour over 40 \* wage rate
      - Gross pay = Regular Pay + OverTime Pay

Project 4 Fall 2001

File Payroll

Calculate

Stan Schofer	100.00	000.00	100.00
