A Very Bunny Year

For
Kate and Zoë,
of course

January

Down the slope
the Bunny goes
ice and snow
between his toes

February

Snug and warm
before the fire
Bunny has his
heart's desire

March

The sun is warm
the breeze is light
when Bunny flies
his carrot kite

April

Rain makes puddles
on the street -
yellow boots
on Bunny's feet

May

Bunny hoes
the final row -
all this work
makes veggies grow

June

Sailing o'er
the bounding wave
Bunny must
be very brave

July

Joining in the
festive night
Bunny brings his
own small light

August

In the heat
the Bunny's fond
of floating in
his favorite pond

September

Now the weather
has turned cool
Bunny rides
his bike to school

October

Who will Bunny
dare to meet
for his promised
trick or treat?

November

Carrot pies...
a Bunny's dream -
just be careful
of the steam!

December

As snowflakes fall
all through the night
Bunny's house
is filled with light
